## OUR MISSION

It is our mission to cultivate an Eastern Sierra where 2SLGBTQIAP+ people are celebrated, embraced, and supported.

We will work to ensure that our 2SLGBTQIAP+ community is treated with dignity and respect, and has equal access to employment, housing, and all services needed to live a safe, healthy, and meaningful life in all our local settings, including business, cultural, educational, faith-based, recreational, and other.

## PRIDE FEST 2024

2SLGBTQIAP+ people and allies will have the chance to celebrate with a weekend of live music and dancing, drag bingo, and more. This event will be as eclectic as the community it's honoring, with something for every color of the rainbow. We can't wait to share in this magical weekend with you all!
